

Test Construction Course (TCC)			
Length: 3 Days (24 Hours)			
Prerequisites: The completion of the Systems Approach to Training (SAT) course and read-ahead assignments is mandatory.			
Scope: The Test Construction Course provides Training Developers, Instructors, and other personnel with the skills and knowledge necessary to develop valid, criterion-referenced tests. Students learn to link learning objectives throughout the design process in order to improve the fidelity and authenticity of both hands-on and written assessments. The course also covers test item analysis and validation procedures.			
Special Information: Minimum of 6 students, maximum of 12.			
Course Manager: Ms. Heather D. Gunter heather.d.gunter.civ@mail.mil Phone: (804) 765-0679 DSN: 539-0679
